📍 Tunis, Tunisia

PROFILE

Computer Engineering graduate with a strong focus on Cybersecurity and Artificial Intelligence, supported by a solid foundation in machine learning, deep learning, system security, and software engineering principles. Committed to continuous learning, staying current with emerging technologies, and applying technical knowledge to develop innovative, scalable, and secure IT solutions.

EDUCATION

- | | |
|---|---|
| • Bachelor Degree in Computer Engineering <i>Higher Institute of Computer Science</i> | <i>Sep 2022 - Jun 25</i> Mahdia, Tunisia |
| • Baccalaureate Degree in Mathematics <i>Private High School Enasser</i> | <i>Sep 2021 - Jun 22</i> Gafsa, Tunisia |

PROFESSIONAL EXPERIENCE

- | | |
|---|---|
| • End of Studies Internship <i>Developed an AI-based malware detection system achieving high detection accuracy.</i> | <i>Jan - Jun 2025</i> Laval University, Canada |
| • Summer Internship <i>Automated IT tasks such as user provisioning and incident response using Python and PowerShell</i> | <i>May - Aug 2024</i> Advancia IT, Tunisia |

PROJECTS

- | | |
|---|-----------------------|
| • MalTrack An enterprise-oriented Windows malware detection application providing real-time and on-demand threat analysis, leveraging machine learning and deep learning models in conjunction with advanced memory forensics for accurate threat identification. | <i>Jan - Jun 2025</i> |
|---|-----------------------|

TECHNICAL SKILLS AND INTERESTS

Programming Languages: Python, Java, C#, C/C++, Dart, PHP, HTML, CSS, React.js, Next.js
Libraries : Python Scientific Stack (NumPy, Pandas, Scikit-learn), TensorFlow, PyTorch
Cybersecurity & Networking: Malware Analysis, Memory Forensics (Volatility 3), CCNA Fundamentals, Network & System Security
Databases & Cloud: MongoDB, MySQL, SQLite, Firebase
Tools & Environments: Git, VS Code, PowerShell, Linux, Windows
Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability

CERTIFICATIONS

Ethical Hacker Cisco Networking Academy
The Cybersecurity Threat Landscape LinkedIn Learning
Deep Learning Fundamentals Certificate NVIDIA Deep Learning Institute
Python for Deep Learning: Build Neural Networks UDEMY

AWARDS

National Microsoft Technologies Camp Hackathon v3.0 1st place

COMMUNITY LIFE

Logistics Manager and Treasurer Microsoft ISIMa Club
Organizer National Microsoft Technologies Camp
